## Impure Blood

Make it Pure, Rich, and Healthy.

Impure blood takes the very life right out of one. You just drag around at your work, feeling wretched and discouraged all the time. You are weak, discouraged, and have lost faith in medicine. Try just one thing more, for we are sure you can help yourself. Mr. C. Menden-Cresdee, of Campbelltown, South Australia, sends us this letter, with his photograph:

"I was suffering from a very bad wound that would not heal. I thought it must be on account of my blood, so I tried

## AYER'S Sarsaparilla

After taking only two bottles my wound thoroughly healed and I feel better than ever before in my life. Within a few days and all right. Ayer's Sarsaparilla is a wonderful medicine for impure blood and general debility."

If your liver is sluggish, you have a coated tongue, constipation, and your food disagrees with you. Ayer's Sarsaparilla will cure all liver troubles.

### SENATE OPPOSES PANAMA.

Obstacles to Transfer of Title Said to be Insurmountable.

New York, March 3.—A special to the Sun from Washington says: At a meeting of the Senate sub-committee on Inter-oceanic Canals today an adverse report was ordered on the proposition of the Panama Canal Company to sell its rights and properties to the United States for \$40,000,000. This sub-committee is composed of Senators Morgan of Alabama, Pritchard of North Carolina, Mitchell of Oregon, Turner of Washington, Kittredge of South Dakota and Foster of Louisiana, all lawyers. To them was assigned the duty of investigating the legal questions involved in the possible acceptance of the Panama Canal Company's offer, and the report states that the complications in the way of the transfer of the title to the United States are insurmountable and that therefore the United States should not become a purchaser of the Panama Company's title and properties.

Pritchard, of the sub-committee, was absent, and Kittredge differed from his colleagues and reserved the right to make a minority report. The majority of the full committee, as is well known, favor the Nicaragua route, but the advocates of the Panama route, under the lead of Hanna, will continue the fight in the committee and in the Senate, where there is undoubtedly a majority in favor of the Panama route, if this is found to be feasible and practicable.

There is no doubt that the recent news from Paris that Colombia would insist that its assent should be obtained before any steps could be taken by the Panama Company to transfer its rights to the United States, had a direct effect upon the deliberations of the sub-committee, and has also influenced the opinions of Senators generally and added in every way to the difficulty of bringing the United States and the Panama Company to the point of negotiations.

William Nelson Cromwell, the attorney of the Panama Company, was in Washington today. He said that the attitude of the Colombian Government, as reported from Paris, has been misunderstood. Its desire is simply, he said, not to allow negotiations between the United States and the Panama Company to proceed too far at present, owing to the impending change in the administration of Colombia, and pending the arrival of the new Colombian Minister, Senor Coneha, in Washington.

New York, March 3.—A cable to the Sun from Colon says: According to advices received here from Paris, an Anglo-French syndicate has offered to pay 4,000,000 francs (twice the American offer) for the Panama canal. It is added that though it is the purpose of the syndicate to complete the

canal with English money principally, the enterprise will remain a French one.

### BOERS ARE STUBBORN.

#### Dutch Forces Gain a Victory in a Fight at Close Range.

London, March 4.—Telegrams received here from Klerksdrop describing the attack upon and capture by the Boers, February 24th, at a point southwest of Klerksdrop of 467 British soldiers who were acting as convoy to an empty wagon train, show that General Delarey laid his plans with consummate care and precise knowledge of the ground.

The third Boer attack upon the convoy was delivered from various points and was most determined. By sheer recklessness they sought to ride down and overwhelm the British defense. The British guns shelled the charging Boers, but nothing stopped their onslaught, which was delivered with unusual impetus. The convoy of mules was subjected to a heavy fire, and, deserted by the native drivers, the mules stampeded, putting many of the defenders temporarily out of action and causing the wildest confusion.

For two hours the British held out. Then they divided and were overwhelmed. A few minutes of cautious fighting, and all was over. The Boers galloped along the line, firing at every man who showed the slightest tendency to resist, until they reached and captured the guns. In the excitement the Northumberland Fusiliers, who had been cut off, succeeded in fighting their way out for some distance. When their ammunition became exhausted they charged with bayonets, but were speedily overpowered.

By 7 o'clock in the morning all resistance was at an end. The dead and wounded were scattered all over the field. Broken wagons and panic-stricken horses and mules made a scene of indescribable confusion. Not until General Delarey came in person was anything like order restored. He stopped the Boers engaged in stripping the British wounded by the free use of the sjambok, but they continued the work of despoiling as soon as his back was turned.

A dispatch from Harrismith, Orange River Colony, says that Boer prisoners report that General De Wet was shot in the arm during the recent attempt to break through the blockhouse line held by the New Zealanders in the vicinity of Harrismith and Van Recnan.

### Lennon Disbarred.

M. E. Lennon, the attorney who served a term in Oahu prison for gross cheat, was disbarred from further practice in the Territorial courts by the Supreme Court yesterday. Attorney General Dole went on the stand and testified to an appeal made to him by Mr. Lennon to save him from disgrace, and promising that he intended to return to the States and become a good citizen of the community, and try to live down his record here.—Advertiser.

### HILO, HAWAII.

Hilo is a growing city of 8,000 inhabitants; the metropolis of the biggest Island in the Hawaiian group. The island produces two thirds of the Hawaiian sugar, and has large areas about the sugar belt, that will produce coffee, rubber, tobacco and many of the products of the temperate latitudes. Large herds of horses, sheep and cattle find grazing lands in the higher altitudes. The rapid extension of railroad lines promises an early belting of the Island with transportation facilities. This month steamer connections with San Francisco will be established. Hilo will be the entrepot for the vast shipping of the Island.

With the completion of the Panama canal, Hilo will be in the direct track of the stream of shipping that will cross the Pacific. Her harbor will some day be a forest of masts.
